And What Have You

By BOB CRAIG

Saturday should be a good day for bargain hunters as Hamlin merchants host the first Flea Market of the year. Not only are a number of the merchants planning for big bargains out on the sidewalk Saturday but also a number of clubs have indicated that they will be conducting bazaars and flea market sales on the downtown sidewalks.

Joining these will be many individuals who are planning to bring their garage sales to town for the day.

So if you have something you want to sell or just like to hunt for rare bargains then Saturday will be the day for you to come to town.

Just a reminder to go vote Saturday in both the school and city elections. While only one of the three races is contested, your support is needed.

Our turning out to vote is about the only way most of us have to express our appreciation to our fellow citizens for all the time and effort they donate for our benefit.

It never ceases to amaze me that our form of local government can continue to operate on this volunteer system. This is especially true since most of us never even bother to express our thanks for the services rendered.

In fact most of us never bother to say anything to our elected representatives until we find some reason to gripe.

While it is too much to expect for everyone to look up these people and say thank you every once in a while, you could at least take the time to vote Saturday. They need your support and encouragement.

We found the following in one of our exchange papers and thought it injected just a little bit of humor into man's efforts for survival in these modern times.

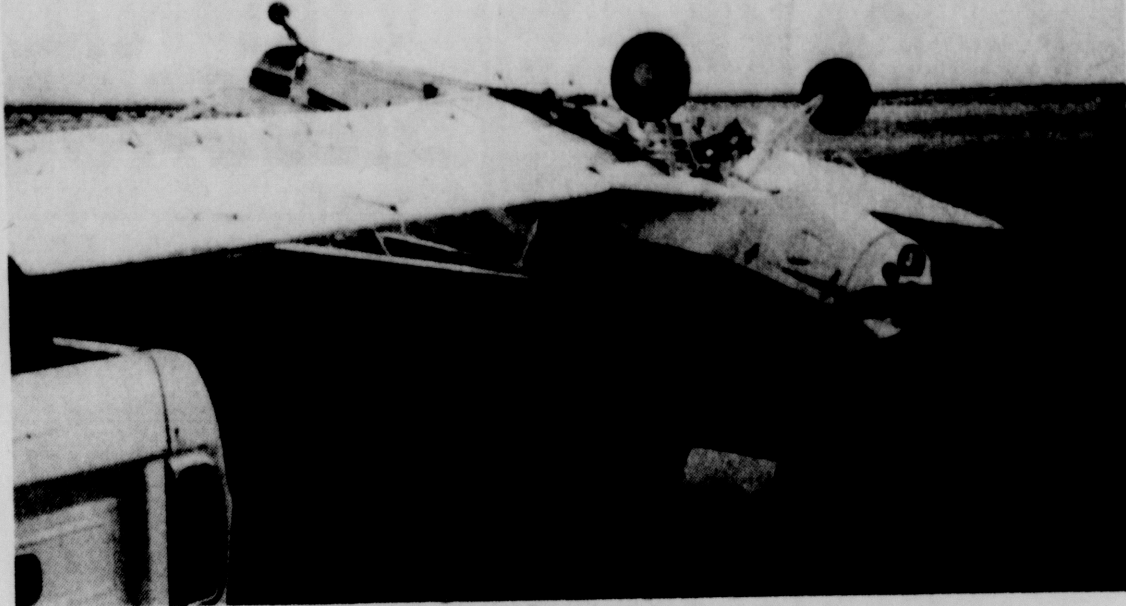

Once upon a time there was a man named Snadley Clabberhorn, who was the healthiest man in the whole wide world. Snadley wasn't always the healthiest man in the whole wide world. When he was young, Snadley drank what he wanted, ate what he wanted and exercised only as a young Lothario. He thought he was happy. "Life is absolutely peachy," he was fond of saying. "Nothing beats being alive."

Then, along came the Surgeon General's report linking smoking to lung cancer and heart disease and emphysema. Snadley read about the great tobacco scare with a frown. "Life is so peachy," he said, "there's no sense taking any risk." So, he gave up smoking.

Like most people who went through the hell of giving up smoking, Snadley became fascinated. When he read a WTCU tract that pointed out that alcohol caused liver damage and brain damage, he gave up alcohol and drank dietary colas instead. At least, he did until the great cyclamatic scare. "There's no sense taking any risks," he said; and he switched to sugar-sweetened colas, which made him fat and caused dental cavities.

On realizing this, he renounced colas in favor of milk. That was about the time of the great cholesterol scare. Snadley gave up milk to avoid cholesterol, which caused arteriosclerosis. He also gave up meats, fat and jelly products, subsisting on a diet of raw fish. Then came the great DDT scare. There was reported large amounts of DDT in fish, Snadley read with anguish; but, fortunately, that was when he met Ernestine. They were made for each other. Ernestine introduced him to home-ground wheat germ and microbionic

City, School Elections Called Here Saturday

Voters will go to the polls Saturday to elect a mayor and two councilmen in the City election and two trustees in the school board election.

30 Take Part In Bike Drive For Retarded

The Bike for the Retarded held Saturday included about 30 students and teachers participating in the bike hike to Anson.

Cheryl Baker and Andy Contreras were the first to return to Hamlin after the 32-mile round trip. They left Hamlin shortly after 9 a.m. and returned at 12:30 p.m. The last of the riders were back here about 3:30 p.m. after bucking a strong wind.

Ivan Merriott, Hamlin High School special education teacher, and his seeing eye dog, Vick, walked about 13 miles.

Money raised in the drive was based on the distance each participant traveled.

Sponsors pledged money and this is still being collected. Some \$200 was in Tuesday evening and more was expected.

The event was sponsored by the Hamlin Future Homemakers of America.

Mrs. C. L. Howard was local chairman. Chapter advisors, who also took part in the bike ride, are Mrs. Pat Willoughby and Mrs. Joe Wayne Carter.

Only the mayor's race is contested.

Seeking election to the mayor's post is incumbent Joe E. Ford and Robert Rangel.

Aldermen seeking re-election are David Casey and Richard Young Jr.

The city election will be held at City Hall with Mrs. Melvin Scott as election judge.

Balloting in the school election for Raymond Scifres and Jackie Williams, both seeking re-election, will be at the high school. A. B. Carlton is election judge.

Methodist Choir Sets Cantata

The choir of the First United Methodist Church will present the Easter cantata, "Hallelujah, What a Savior," Sunday morning, Apr. 7 during the 10:45 a.m. worship hour.

The cantata of the victorious Savior is written by John W. Peterson. A narration accompanies the musical selections.

Miss Reba Jackson is director of the choir.

Sets Clean-up

The Hamlin Riding Club will meet at the Rodeo Arena Saturday for a clean-up day.

Open House Set Today At City Hall

Open House in the new City Hall annex has been set for today (Thursday) from 1 to 4 p.m.

The public is invited.

Officers in the new building just north of the City Hall are the Board of Community Development, Police dispatcher, Police Department, Social Security, Drivers License, City Judge, and veterans officer.

A large conference room for the Council and other meeting is at the back of the annex.

The interior of the new facility includes white paneling and gold carpet. The exterior features metal siding.

Cancer Drive Is Extended

Hampered by an intense dust storm Tuesday evening, the Cancer Crusade has been extended and workers will be contacting residents during the week in the house-to-house canvass for funds.

Mrs. Robert Fowler, chairman of the Hamlin drive, said all workers reported Tuesday at 6 p.m. at her home for supplies but postponed their part of the drive for more desirable weather conditions.

Mrs. E. D. Perrin of Cameron and her son, Chris, of Austin, visited with friends in Hamlin over the weekend.

Flea Market Set Saturday

One man's junk is another man's prized possession. And Saturday everyone will have a chance to bring their junk to town and trade or swap it for that prized possession you have always wanted.

Saturday will be the first Flea Market of the year to be sponsored by the Retail Trade Committee of the Hamlin BCD. Hamlin merchants are urging everyone in the area to come to Hamlin for this big event.

Most merchants are making plans for a huge

sidewalk sale and clubs and individuals are being urged to take part in this huge garage sale.

Mrs. Robert Fowler, chairman of the Retail Trade Committee, said Monday that a number of clubs and organizations have indicated that they plan to use this as an opportunity for a money making project for their clubs and organizations.

The committee has hopes of growing this Flea Market into an old fashion swap and shop day like the ones that used to

bring people to town in droves to trade farm equipment, household items, clothes and anything else that was surplus.

Hamlin residents are reminded that this is clean-up week and a good time to clean out the garage and the closets and carry it all to town Saturday. Who knows it may just be what your neighbor has been looking for. And while you are downtown you might find something to fill up your garage or closet back up with.

District 6-AA title Friday and to send a strong field of entries on to the Regional meet two weeks later.

The Pipers were facing their first loss of the season this past weekend at San Angelo when it appeared that they would be without the services of talented Bill Cork. Cork's mother died unexpectedly early Friday morning and Bill did not take part in the meet Friday because of this.

But the young speedster showed up at the last minute Saturday to anchor both relays for the Pipers as the inspired team posted the best times of this season.

Going into the mile relay, Hamlin led Floydada by three points, 129-126. Albert McAfee put Hamlin in front with a 52.1 on his leg and Ronnie Maberry, running on the team for the first time,

followed with a 52 flat. David Willis was next and he turned in a 51.3. When Cork got the baton, Hamlin led by 10 yards. Forty seven and nine tenths seconds later, Cork broke the tape with the Pipers leading by more than 50 yards.

At the conclusion of the mile relay, Cork stood on the winning standard and accepted the trophy as 3,000 spectators gave him a standing ovation.

The bride is the daughter of Mrs. Harold Miller and Paul Herrera. The bridegroom's parents are Mr. and Mrs. Robert B. Higgins of Merkel.

Toni Escobedo of Huntsville was organist and soloist. Her headdress of pearls and lace held an elbow length veil edged in lace.

Mrs. Gene Wall was matron of honor. Bridesmaids were Mrs. Fernando Rangel and Mrs. Peter Camacho of Hobbs, N. M.

Attendants' A-line pastel gowns were in assorted spring colors trimmed with ribbon lace at the collar and on the short sleeves.

FIFTY YEARS AGO
(March 28, 1924)

All corners that have not been filled in the past are now occupied. The latest new corner to get a building in Hamlin is that one just across the street south of Dr. Magee's residence and north of the Ira Border home. This is being dressed up in the latest spring style of a modern drive-in filling station house. This new place, to replenish the famished car, is to be owned and managed by Mr. John J. Rankin. Carpenters began work on the structure Wednesday morning, and as fast as the concrete can set, this structure will rise.

The Kiefer Patterson Post No. 146 will entertain Thursday night, April 3. All members are urged to be present. All who are eligible for either the Legion or Auxiliary, but are not yet members, are especially invited to attend. We want to show you a good time.

One bit of long looked for improvement in the Hamlin Civic plan is now being accomplished down in the big park. To make a visit to the park now will convince everyone that Hamlin really has a creditable asset in the park lay-out. A force of hands have been working several days cleaning and cutting out more trees. By next week the park will be ready for clubs and individuals to contribute their labor and work to make the place of beauty.

TWENTY YEARS AGO
(April 2, 1954)

Little interest was being manifested this week in the election to be held Saturday to name three members to the board of trustees for Hamlin Consolidated Independent School District. School leader and others interested were expressing the hope that the lack of talk about the election in the community was no indication of a lack of interest in the school system's affairs. A good turn-out of voters was being urged.

Dairy judging team representing the Hamlin chapter of the Future Farmers of America Tuesday won first place in the Coleman Area judging contests conducted at Coleman High School. The team was composed of Dawl Johnson, Clifford Eoff and Douglas Ford. Ford was third high point man in individual points and Eoff was seventh.

Work of resodding the football field of Pied Piper stadium has about been completed in Southwest Hamlin. The entire field was plowed, then many yards of sandy loam was added, worked and leveled. Plenty of watering and tending this spring and summer should help put the field in fine shape by football season this fall.

Small grain crops in the Hamlin territory that looked so good six weeks ago are getting paler and weaker by the day in the absence of vital moisture that is needed to put them on their way toward a prospective bumper crop.

and organic succotash. They were very happy three times a day. They were, that is until the great color television scare.

"If color TV does give off radiation," said Snadley, "there's no sense taking any risk. After all, we still have each other." That's about all they had until the great Pill scare. On hearing that the Pill might cause carcinoma and thrombosis, Ernestine promptly gave up the Pill and Snadley. "There's no sense taking any risk," she said.

Snadley was left with his jogging. He was, that is, until he read that 1.3 percent of all joggers are eventually run over by a truck or bitten by a rabid dog. He then retired to a bomb shelter in his back yard, to avoid being hit by a meteorite; installed an air conditioner after the great smog scare; and spent the next 64 years doing Royal Air Force exercises. "Nothing's more important than being alive," he said proudly on reaching age 102. But never again did he say that life is absolutely peachy. Caution? Being alive can be hazardous to your health.

GOING UP...

A building is being erected. It is made of strong materials, steel and concrete. The foundation is firm and deep. The edifice is built to endure.

We need to build our homes to endure. They need a strong foundation. They need to be built on the rock of Christ. Psalm 127:1 reads, *Except the Lord build the house, they labour in vain that build it.* Attend church regularly that your house may be instructed in the ways of the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Attend Lay Witness Meet

Nine Hamlin residents participated in the Lay Witness Mission at the First Baptist Church in El Paso over the weekend. Leaving here early Friday were Mr. and Mrs. Delton Jackson, Keith and Kyle, Mr. and Mrs. Albert George, Mrs. Dan Newberry, Mrs. Danny Warner and Dana Wright. They returned home after the Sunday noon luncheon.

Fire Sunday Damages Cork Home

The Bill Cork family, shaken by the sudden death of Mrs. Bill (Alberta) Cork here Friday morning, were victims of a fire in their home Sunday as they were preparing to leave for the funeral services. Someone went back inside the home and discovered that the back bedroom was on fire just minutes before time for the services. The Hamlin Volunteer Fire Department was called and after the firemen arrived the family went on to the church. The blaze was controlled in about 30 minutes. Gutted were the son's bedroom, a clothes closet and a linen closet. Among the items lost were several of the trophies earned by Bill Jr., a Hamlin High School senior, who has become well known for his outstanding performances as an athlete. He has earned 27 trophies. Several of these and a treasured scrapbook were burned. Several individual trophies, including those won at the state track meet last year were in the living room and not damaged. Friends started bringing in clothing, linens and gifts of money Sunday. The family said Tuesday afternoon that they felt they had most of what they needed. Work is underway to replace the wallboard in the bedroom and the family expects to be back in the home soon.

Couple Sets Service Here

Rev. and Mrs. Kenneth Rogers, missionaries to South Africa on furlough, will be in Hamlin Monday evening for the 7:30 service at the Church of the Nazarene. This is their second furlough since their appointment to the field in February, 1964. He was serving as pastor of the Rotan Church of the Nazarene when he was appointed to the field in South Africa. He served as a printer, builder, hospital administrator, head of the mission, and he now serves as head of the zone. While on furlough the Rogers and two sons and a daughter are living in Kansas in order that Rev. Rogers may attend Nazarene Theological Seminary. Everyone is invited to the service.

STATE REP. ELMER MARTIN

PRACTICES WHAT HE PREACHES

A State authorized audit proves State Rep. Elmer Martin practices what he preaches. He is among the 10 per cent of all State Representatives who spent the least amount from their House contingency funds.

Rep. Martin spent only \$1,499.41 for the last fiscal year, according to an audit by an Austin firm of certified public accountants. Only 14 other Legislators spent less. But 90 per cent of the 150 State Legislators spent more. Fifty-six (37 per cent) spent more than \$8,000 each, some spending above \$12,000 and \$15,000.

The fact is: Elmer Martin does what he says. Not only does he vote for pay-as-you-go government with no new taxes for the first time in 13 years, he also personally practices economy. And, that is another reason why Rep. Elmer Martin is honestly good for a second term.

Texas cotton growers from the Valley to the high plains are reporting favorably their results of planting the new QUAPAW Cotton from Rogers Delinted. Such comments as, "... the cotton strips and gins good and I am increasing my planting next year." QUAPAW cotton has a medium size storm resistant boll and good seedling vigor with medium size seed. QUAPAW responds well to single row, skip row or narrow row spacing. It harvests well with strippers or spindle pickers. QUAPAW gins good and cleans up good with extra high quality fiber.

Mike Young Announces As Candidate for House

Mike Young of Abilene has filed as a candidate for State Representative for District 61, in opposition to Elmer Martin of Colorado City and has authorized the Hamlin Herald to announce his candidacy.

Young, 35, is an Abilene attorney, and has been active in civic and public affairs for many years. Among his current activities, he is serving as a member of the Board of Trustees of the Abilene Independent School District, and is a member of the Board of Directors of West Central Texas Council of Governments, Abilene Fine Arts Museum, Taylor County Child Welfare Unit and Taylor County Heart Association. He was selected in 1972 as Abilene's Outstanding Young Man.

Young is married to the

former Frankie Smith of Roby, the daughter of Mr. and Mrs. W. F. Smith. They have two children, Trey, 14, and Robyn, 9.

Young stated that he had not considered the race until after returning from out of state recently and finding a large draft movement under way. "What surprised me the most was people contacting me from all counties in the district, urging me to run," said Mr. Young. "In a nutshell, the feeling was that under the one man — one vote concept of representative districting, our rural districts need the most forceful and active representation available if our interests are to be protected."

"I was reared in Fisher County, and have many relatives living there. My family still owns land in Fisher County, and we have been engaged in farming and ranching operations for years. I understand and sympathize with the day to day problems encountered by all of us in this area, as I feel the same frustrations. I think that everything possible should be done to reduce these problems and frustrations, but I do not subscribe to the theory that passing more laws will automatically reduce our problems."

GOOD FRIDAY — THE CRUCIFIXION John 19:16-21 & Mark 15:33-39

From The Living Bible

Then Pilate gave Jesus to them to be crucified. So they had him at last, and he was taken out of the city, carrying his cross to the place known as "The Skull," in Hebrew, "Golgotha." There they crucified him and two others with him, one on either side, with Jesus between them. And Pilate posted a sign over him reading, "Jesus of Nazareth, the King of the Jews." The place where Jesus was crucified was near the city; and the signboard was written in Hebrew, Latin, and Greek, so that many people read it. Then the chief priests said to Pilate, "Change it from 'The King of the Jews' to 'HE SAID, I am King of the Jews'." About noon, darkness fell across the entire land, lasting until three o'clock that afternoon. Then Jesus called out with a loud voice, "Eli, Eli, lama sabachthani?" ("My God, my God, why have you deserted me?") Some of the people standing there thought he was calling for the prophet Elijah. So one man ran and got a sponge and filled it with sour wine and held it up to him on a stick. "Let's see in Elijah will come and take him down!" he said. Then Jesus uttered another loud cry, and dismissed his spirit. And the curtain in the Temple was split apart from top to bottom. When the Roman officer standing beside his cross saw how he dismissed his spirit, he exclaimed, "Truly, this was the Son of God!"

NORMAL TRAVEL SEEN — The energy shortage will ease enough by mid-June to insure a near-normal summer travel season in the state, according to Texas Tourist Development Agency projections.

The Sunday gasoline sales ban is the biggest factor in a six per cent decline in attendance at major Texas tourist attractions during the first two months of 1974, the tourist agency figures.

Campaigns are being sponsored to encourage Texans to

spend their vacations near home and residents of neighboring states to visit Texas on well-promoted package tours.

Mr. and Mrs. John O'Neal visited in the Jim Jordan home in Gorman for their 50th Anniversary. They also visited the Albert Hendricks, the Joe O'Neals and Mrs. W. A. O'Neal, all of Gorman.

Migrant Program for 4-Year Olds

The Hamlin schools were notified last week that they are eligible to have a four-year-old migrant kindergarten program. This program would offer bilingual instruction and would have a full time teacher and aide. Snacks and lunches would be provided for the children. This would be funded under Title I. Region XIV Education Service Center in Abilene would supply all the materials such as furniture, toys, shelves, and would pay the utilities.

Supplemental bus transportation would also be available. The hours would be the same as the regular school kindergarten—all day from 8:30 a.m. to 2:30 p.m. The program would run all year.

Efforts are being made to enroll all the eligible migrant children. Mrs. Chris Pena, local Parent School Community Involvement worker, is asking that anyone who has a four-year-old child and thinks that they would qualify to please contact her at the elementary school.

The definition of a migrant child is any child that has moved from one school district to another because one of the parents is involved in any type of agricultural work.

COURTS SPEAK — A \$238,250 judgement against General Motors in the death of a Houston woman who died when her new car plunged out of control was upheld by the State Supreme Court. U.S. Supreme Court upheld Texas procedures for nominations of minority party and independent candidates.

The Court of Criminal Appeals reversed and remanded a murder conviction of a San Antonio man because a juror was informed the man had threatened to "kill again." Too much prosecution evidence resulted in reversal by the Court of Criminal Appeals of a 25-year rape sentence assessed a Dallas man.

The Court of Criminal Appeals upheld two 100-year

sentences of a Dallas man in a rape-robbery.

REPORTS RECEIVED — Plans from 222 state agencies for insuring equal employment opportunity have been received.

Thirty-eight of the state agency affirmative action plans have been approved by the Equal Employment Opportunity Office, and 184 are being reviewed. Only five state agencies have not submitted plans and policy statements.

See The Motorcycle ?

You may not find a motorcycle in this picture, but you'll find plenty of them on Texas' streets and highways.

The trouble is, not enough automobile drivers are seeing motorcycles when they should. Not until it's too late, anyway.

Maybe if motorcycles were as big as elephants, you'd be more careful when you see them. But nothing is bigger than human life. And that's what we're really asking you to look out for.

Neinda Philosopher Finds Loop Holes In Study of Children's Program

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One discusses television this week, we believe.

Dear editor:
A committee, so I read in a newspaper last night because everything on television was a re-run, has spent four months studying morning

television programs for children under 5 and has come up with some highly critical things to say.

In the first place, the committee said, there are too many commercials, 18 an hour, many of them making outlandish claims about how strong you'll get if you eat this or that breakfast food or that candy bar, and that's bad for the child's future.

In the first place, parents who'll let a 5-year-old dictate what cereal to buy or how much candy to eat because he saw it on television probably have no business raising kids, and in the second place kids, if they haven't learned it by 5 will by the time they're 6 that the T.V. strength-building claims are hoakum. It's only later in life that they forget that attitude and apparently, judging by the grown-up commercials, are taken in by

the claim you'll be more popular if you use a different tooth paste.

As to the quality of the children's programs themselves, the committee was even further outraged, saying they're downright awful, despite the fact the kids sit spell-bound before the set for hours.

The committee doesn't understand the human situation. In the first place, a mother with a 4 or 5-year-old kid, not to mention two or three or more, will tolerate any kind of T.V. program so long as it keeps the kid out from under foot for a while so she can get some peace of mind.

And in the second place, imagine the frustration this nation would be engulfed in if children grew up accustomed to watching genuinely first-rate programs and then, when they became grown, had nothing to watch but the programs and then, when the networks throw at us adults every night. There are times when it's better to leave bad enough alone.

Yours faithfully,
J. A.

Three Fires Here Sunday

The Hamlin Volunteer Firemen were kept busy Sunday with calls to three fires beginning at 11:30 a.m. with a call to the Robert Rangel home for a fire that started from a trash fire that destroyed the back part of the house.

The firemen were fighting a grass fire at the W. B. Holden residence which started from a nearby trash fire when the alarm sounded at 1:50 p.m. for the fire at the Bill Cork home.

The firemen left the fire station about 5 p.m. after getting the equipment in order.

Bake, Knife Sale Planned For Saturday

Members of the Licensed Vocational Nurses Association made plans for a Bake Sale and Knife Sale during the Flea Market Saturday in downtown Hamlin.

Each member is to bake something to be sold at this time.

The group pointed out that the LVNA chapter is a non-profit organization, and selling is the only means of making money to send delegates to seminars, workshops and conventions to keep up with present procedures so that we may give our patients better care.

The LVNA booth will be set up at the northeast corner of Howard Drug.

Charlie Shira On Dean's List

Charlie Shira, business administration major at Texas Tech University, was named to the Dean's honor list for the past semester.

He is the son of Mr. and Mrs. Bill Shira.

market Saturday. The booth will be set up so that children may have their picture made with the Easter bunny. Parents are urged to bring their children to be photographed. They will be given an Easter egg.

Farmer and civic leader John Scarborough has been named Hamlin Coordinator for the campaign of Ray Farabee, Democratic Candidate for the Texas Senate.

Scarborough said in accepting this position that, "We are fortunate to find such a man as Ray Farabee, business man and attorney of Wichita Falls, to fill this important position. His rural and consumer interest and political-oriented background and his rare ability to get atop of the social questions and political issues of our day fits the needs of this district."

Scarborough is past president of the Hamlin Board of Community Development, is presently director of Neinda Coop Gin and serves as Chairman of the Board of Directors of the Hamlin Hospital District and Director of the Jones County Farmers Union.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Saturday should be a good day for bargain hunters as Hamlin merchants host the first Flea Market of the year. Not only are a number of the merchants planning for big bargains out on the sidewalk Saturday but also a number of clubs have indicated that they will be conducting bazaars and flea market sales on the downtown sidewalks.

Joining these will be many individuals who are planning to bring their garage sales to town for the day.

So if you have something you want to sell or just like to hunt for rare bargains then Saturday will be the day for you to come to town.

Just a reminder to go vote Saturday in both the school and city elections. While only one of the three races is contested, your support is needed.

Our turning out to vote is about the only way most of us have to express our appreciation to our fellow citizens for all the time and effort they donate for our benefit.

It never ceases to amaze me that our form of local government can continue to operate on this volunteer system. This is especially true since most of us never even bother to express our thanks for the services rendered.

In fact most of us never bother to say anything to our elected representatives until we find some reason to gripe.

While it is too much to expect for everyone to look up these people and say thank you every once in a while, you could at least take the time to vote Saturday. They need your support and encouragement.

We found the following in one of our exchange papers and thought it injected just a little bit of humor into man's efforts for survival in these modern times.

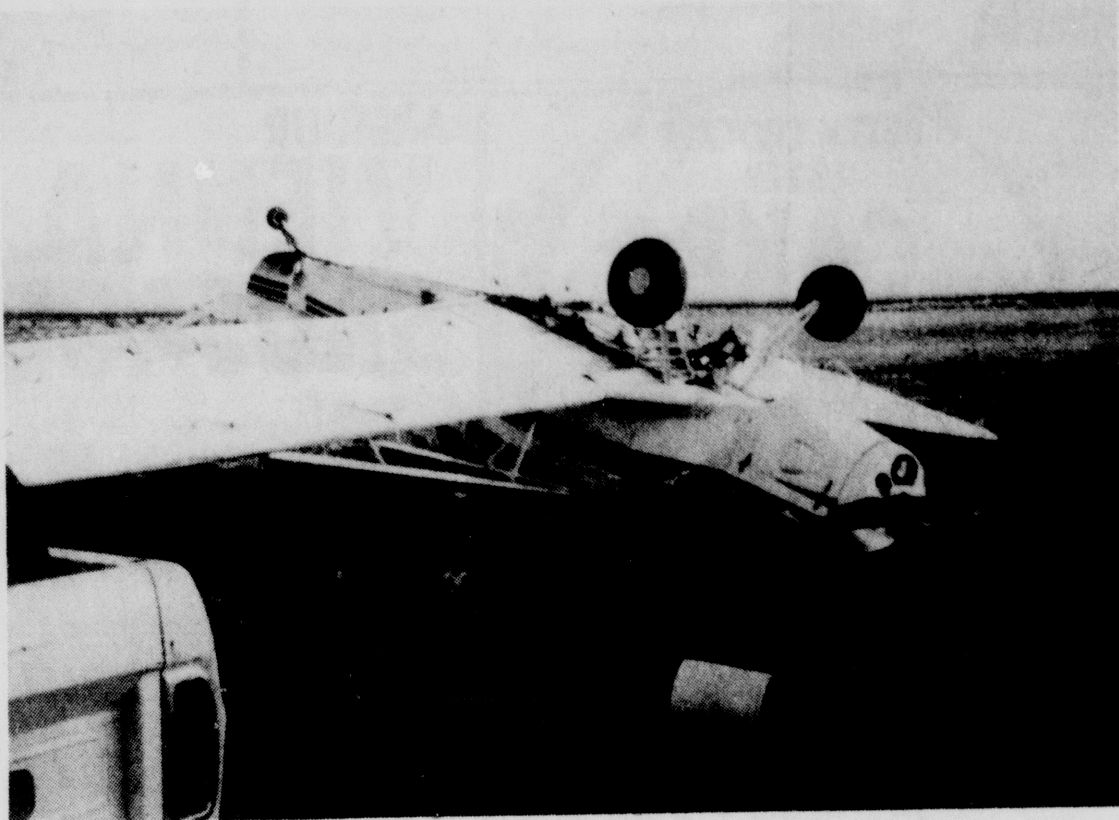

Once upon a time there was a man named Snadley Clabberhorn, who was the healthiest man in the whole wide world. Snadley wasn't always the healthiest man in the whole wide world. When he was young, Snadley drank what he wanted, ate what he wanted and exercised only as a young Lothario. He thought he was happy. "Life is absolutely peachy," he was fond of saying. "Nothing beats being alive."

Then, along came the Surgeon General's report linking smoking to lung cancer and heart disease and emphysema. Snadley read about the great tobacco scare with a frown. "Life is so peachy," he said, "there's no sense taking any risk." So, he gave up smoking.

Like most people who went through the hell of giving up smoking, Snadley became fascinated. When he read a WTCU tract that pointed out that alcohol caused liver damage and brain damage, he gave up alcohol and drank dietary colas instead. At least, he did until the great cyclamatic scare. "There's no sense taking any risks," he said; and he switched to sugar-sweetened colas, which made him fat and caused dental cavities.

On realizing this, he renounced colas in favor of milk. That was about the time of the great cholesterol scare. Snadley gave up milk to avoid cholesterol, which caused arteriosclerosis. He also gave up meats, fat and jelly products, subsisting on a diet of raw fish. Then came the great DDT scare. There was reported large amounts of DDT in fish, Snadley read with anguish; but, fortunately, that was when he met Ernestine. They were made for each other. Ernestine introduced him to home-ground wheat germ and antibiotic

Ford, manager of the local spraying firm owned by Bob Terry of Roby, said that the plane was a total loss. High winds and blowing dust hit the Big Country area Tuesday evening causing considerable damage over the area.

City, School Elections Called Here Saturday

Voters will go to the polls Saturday to elect a mayor and two councilmen in the City election and two trustees in the school board election.

30 Take Part In Bike Drive For Retarded

The Bike for the Retarded held Saturday included about 30 students and teachers participating in the bike hike to Anson.

Cheryl Baker and Andy Contreras were the first to return to Hamlin after the 32-mile round trip. They left Hamlin shortly after 9 a.m. and returned at 12:30 p.m. The last of the riders were back here about 3:30 p.m. after bucking a strong wind.

Ivan Merriott, Hamlin High School special education teacher, and his seeing eye dog, Vick, walked about 13 miles.

Money raised in the drive was based on the distance each participant traveled. Sponsors pledged money and this is still being collected. Some \$200 was in Tuesday evening and more was expected.

The event was sponsored by the Hamlin Future Homemakers of America.

Mrs. C. L. Howard was local chairman. Chapter advisors, who also took part in the bike ride, are Mrs. Pat Willoughby and Mrs. Joe Wayne Carter.

Only the mayor's race is contested. Seeking election to the mayor's post is incumbent Joe E. Ford and Robert Rangel.

Aldermen seeking re-election are David Casey and Richard Young Jr.

The city election will be held at City Hall with Mrs. Melvin Scott as election judge.

Balloting in the school election for Raymond Scifres and Jackie Williams, both seeking re-election, will be at the high school. A. B. Carlton is election judge.

Methodist Choir Sets Cantata

The choir of the First United Methodist Church will present the Easter cantata, "Hallelujah, What a Savior," Sunday morning, Apr. 7 during the 10:45 a.m. worship hour.

The cantata of the victorious Savior is written by John W. Peterson. A narration accompanies the musical selections.

Miss Reba Jackson is director of the choir.

Sets Clean-up

The Hamlin Riding Club will meet at the Rodeo Arena Saturday for a clean-up day.

Open House Set Today At City Hall

Open House in the new City Hall annex has been set for today (Thursday) from 1 to 4 p.m.

The public is invited.

Officers in the new building just north of the City Hall are the Board of Community Development, Police dispatcher, Police Department, Social Security, Drivers License, City Judge, and veterans officer.

A large conference room for the Council and other meeting is at the back of the annex.

The interior of the new facility includes white paneling and gold carpet. The exterior features metal siding.

Cancer Drive Is Extended

Hampered by an intense dust storm Tuesday evening, the Cancer Crusade has been extended and workers will be contacting residents during the week in the house-to-house canvass for funds.

Mrs. Robert Fowler, chairman of the Hamlin drive, said all workers reported Tuesday at 6 p.m. at her home for supplies but postponed their part of the drive for more desirable weather conditions.

Mrs. E. D. Perrin of Cameron and her son, Chris, of Austin, visited with friends in Hamlin over the weekend.

Flea Market Set Saturday

One man's junk is another man's prized possession. And Saturday everyone will have a chance to bring their junk to town and trade or swap it for that prized possession you have always wanted.

Saturday will be the first Flea Market of the year to be sponsored by the Retail Trade Committee of the Hamlin BCD. Hamlin merchants are urging everyone in the area to come to Hamlin for this big event.

Most merchants are making plans for a huge

sidewalk sale and clubs and individuals are being urged to take part in this huge garage sale.

Mrs. Robert Fowler, chairman of the Retail Trade Committee, said Monday that a number of clubs and organizations have indicated that they plan to use this as an opportunity for a money making project for their clubs and organizations.

The committee has hopes of growing this Flea Market into an old fashion swap and shop day like the ones that used to

bring people to town in droves to trade farm equipment, household items, clothes and anything else that was surplus.

Hamlin residents are reminded that this is clean-up week and a good time to clean out the garage and the closets and carry it all to town Saturday. Who knows it may just be what your neighbor has been looking for. And while you are downtown you might find something to fill up your garage or closet back up with.

FROM THE FILES . . .

FIFTY YEARS AGO
(March 28, 1924)

All corners that have not been filled in the past are now occupied. The latest new corner to get a building in Hamlin is that one just across the street south of Dr. Magee's residence and north of the Ira Border home. This is being dressed up in the latest spring style of a modern drive-in filling station house. This new place, to replenish the famished car, is to be owned and managed by Mr. John J. Rankin. Carpenters began work on the structure Wednesday morning, and as fast as the concrete can set, this structure will rise.

The Kiefer Patterson Post No. 146 will entertain Thursday night, April 3. All members are urged to be present. All who are eligible for either the Legion or Auxiliary, but are not yet members, are especially invited to attend. We want to show you a good time.

One bit of long looked for improvement in the Hamlin Civic plan is now being accomplished down in the big park. To make a visit to the park now will convince everyone that Hamlin really has a creditable asset in the park lay-out. A force of hands have been working several days cleaning and cutting out more trees. By next week the park will be ready for clubs and individuals to contribute their labor and work to make the place of beauty.

TWENTY YEARS AGO
(April 2, 1954)

Little interest was being manifested this week in the election to be held Saturday to name three members to the board of trustees for Hamlin Consolidated Independent School District. School leader and others interested were expressing the hope that the lack of talk about the election in the community was no indication of a lack of interest in the school system's affairs. A good turn-out of voters was being urged.

Dairy judging team representing the Hamlin chapter of the Future Farmers of America Tuesday won first place in the Coleman Area judging contests conducted at Coleman High School. The team was composed of Dawl Johnson, Clifford Eoff and Douglas Ford. Ford was third high point man in individual points and Eoff was seventh.

Work of resodding the football field of Pied Piper stadium has about been completed in Southwest Hamlin. The entire field was plowed, then many yards of sandy loam was added, worked and leveled. Plenty of watering and tending this spring and summer should help put the field in fine shape by football season this fall.

Small grain crops in the Hamlin territory that looked so good six weeks ago are getting paler and weaker by the day in the absence of vital moisture that is needed to put them on their way toward a prospective bumper crop.

TEN YEARS AGO
(April 2, 1964)

The District 6 AA University Interscholastic League one-act play contest will be held here Monday evening, beginning at 6 p.m. The first play will be presented by Ballinger High School, followed by Hamlin, Stamford, Haskell and Winters. Admission will be 50 cents for adults and 25 cents for children.

The juniors will host the seniors at the Junior-Senior Banquet in the Primary Cafeteria Friday, April 3, at 7 p.m. Rev. Curtis Ramey, Church of Christ minister from Anson, will speak at the event and a combo of high school bandmen will provide entertainment. The sophomore girls will serve the event.

Bob Craig, publisher of the Hamlin Herald, was elected president of the Hamlin Lions Club at the Tuesday luncheon meeting at the Oil Mill Guest House. Other officers included Leldon Clifton, Loyd Burkhardt, Robert Fowler, Ray Sonnenburg, Bill Davis, E. E. West, L. H. McBride, Paul Cooper, Frank Legan, A. L. Gamble and Bill Chapman.

April 18 has been designated by the Hamlin Garden Club as the day for the annual flower show according to the chairman, Mrs. Joe League. The "Parade of Flowers" will be staged at the high school gymnasium from 3 to 6 p.m. There is no admission charge and the public is invited to attend.

And What Have You

Continued from page 1

and organic succotash. They were very happy three times a day. They were, that is until the great color television scare.

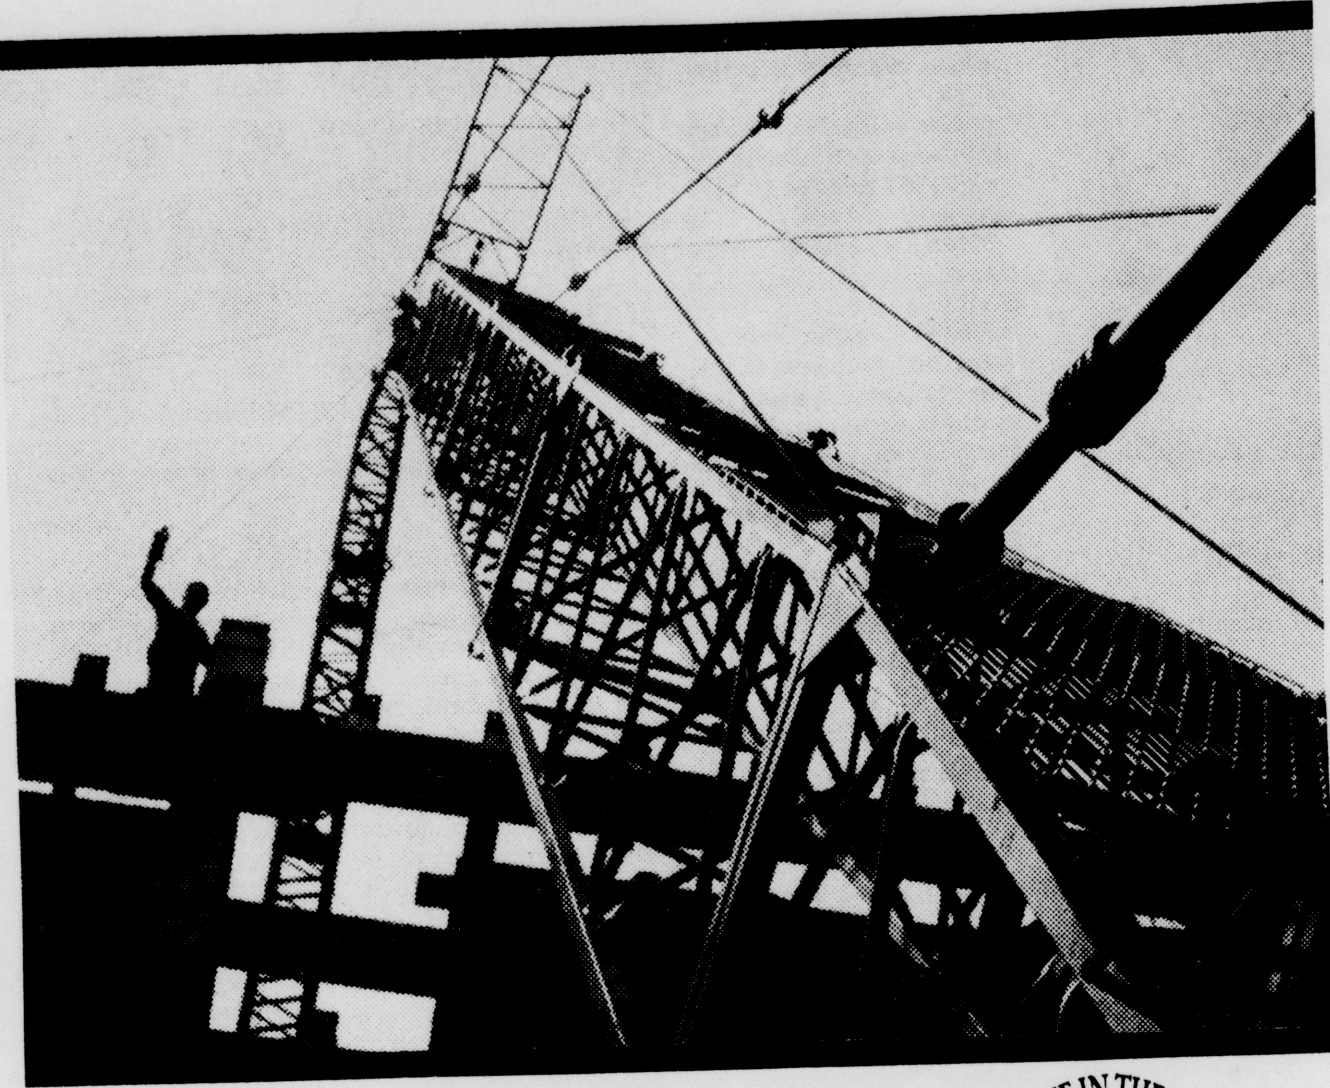

"If color TV does give off radiation," said Snadley, "there's no sense taking any risk. After all, we still have each other." That's about all they had until the great Pill scare. On hearing that the Pill might cause carcinoma and thrombosis, Ernestine promptly gave up the Pill and Snadley. "There's no sense taking any risk," she said.

Snadley was left with his jogging. He was, that is, until he read that 1.3 percent of all joggers are eventually run over by a truck or bitten by a rabid dog. He then retired to a bomb shelter in his back yard, to avoid being hit by a meteorite; installed an air conditioner after the great smog scare; and spent the next 64 years doing Royal Air Force exercises. "Nothing's more important than being alive," he said proudly on reaching age 102. But never again did he say that life is absolutely peachy. Caution? Being alive can be hazardous to your health.

GOING UP...

A building is being erected. It is made of strong materials, steel and concrete. The foundation is firm and deep. The edifice is built to endure.

We need to build our homes to endure. They need a strong foundation. They need to be built on the rock of Christ. Psalm 127:1 reads, *Except the Lord build the house, they labour in vain that build it.* Attend church regularly that your house may be instructed in the ways of the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

SIGNS WITH HOWARD PAYNE—Steve McKissack signs a pre-enrollment form with Howard Payne College as his parents and coach look on. A two-year letterman in football and track, Steve received a football scholarship from the Brownwood college. He played offensive tackle and defensive linebacker for the Pipers this past season and was named to the Class AA All-State second team. From left, standing, are Mr. and Mrs. Bob McKissack and Coach David Bonds.

Attend Lay Witness Meet

Nine Hamlin residents participated in the Lay Witness Mission at the First Baptist Church in El Paso over the weekend.

Leaving here early Friday were Mr. and Mrs. Delton Jackson, Keith and Kyle, Mr. and Mrs. Albert George, Mrs. Dan Newberry, Mrs. Danny Warner and Dana Wright. They returned home after the Sunday noon luncheon.

Over 40? When you round that 40 mark, it's a good idea to ask your physician for a "procto" when you have your annual physical. This examination can help find colon and rectum cancer in an early stage, when it's most curable. This advice from the American Cancer Society.

Fire Sunday Damages Cork Home

The Bill Cork family, shaken by the sudden death of Mrs. Bill (Alberta) Cork here Friday morning, were victims of a fire in their home Sunday as they were preparing to leave for the funeral services. Someone went back inside the home and discovered that the back bedroom was on fire just minutes before time for the services.

The Hamlin Volunteer Fire Department was called and after the firemen arrived the family went on to the church. The blaze was controlled in about 30 minutes.

Gutted were the son's bedroom, a clothes closet and a linen closet.

Among the items lost were several of the trophies earned by Bill Jr., a Hamlin High School senior, who has become well known for his outstanding performances as an athlete. He has earned 27 trophies. Several of these and a treasured scrapbook were burned. Several individual trophies, including those won at the state track meet last year were in the living room and not damaged.

Friends started bringing in clothing, linens and gifts of money Sunday. The family said Tuesday afternoon that they felt they had most of what they needed.

Work is underway to replace the wallboard in the bedroom and the family expects to be back in the home soon.

STATE REP. ELMER MARTIN
PRACTICES WHAT HE PREACHES
A State authorized audit proves State Rep. Elmer Martin practices what he preaches. He is among the 10 per cent of all State Representatives who spent the least amount from their House contingency funds.
Rep. Martin spent only \$1,499.41 for the last fiscal year, according to an audit by an Austin firm of certified public accountants. Only 14 other Legislators spent less. But 90 per cent of the 150 State Legislators spent more. Fifty-six (37 per cent) spent more than \$8,000 each, some spending above \$12,000 and \$15,000.
The fact is: Elmer Martin does what he says. Not only does he vote for pay-as-you-go government with no new taxes for the first time in 13 years, he also personally practices economy. And, that is another reason why Rep. Elmer Martin is honestly good for a second term.

ANOTHER GREAT VARIETY FROM ROGERS DELINTED COTTONSEED
Texas cotton growers from the Valley to the high plains are reporting favorably their results of planting the new QUAPAW Cotton from Rogers Delinted. Such comments as, "...the cotton strips and gins good and I am increasing my planting next year." QUAPAW cotton has a medium size storm resistant boll and good seedling vigor with medium size seed. QUAPAW responds well to single row, skip row or narrow row spacing. It harvests well with strippers or spindle pickers. QUAPAW gins good and cleans up good with extra high quality fiber.

Mike Young Announces As Candidate for House

Mike Young of Abilene has filed as a candidate for State Representative for District 61, in opposition to Elmer Martin of Colorado City and has authorized the Hamlin Herald to announce his candidacy.

Young, 35, is an Abilene attorney, and has been active in civic and public affairs for many years. Among his current activities, he is serving as a member of the Board of Trustees of the Abilene Independent School District, and is a member of the Board of Directors of West Central Texas Council of Governments, Abilene Fine Arts Museum, Taylor County Child Welfare Unit and Taylor County Heart Association. He was selected in 1972 as Abilene's Outstanding Young Man.

Young is married to the

former Frankie Smith of Roby, the daughter of Mr. and Mrs. W. F. Smith. They have two children, Trey, 14, and Robyn, 9.

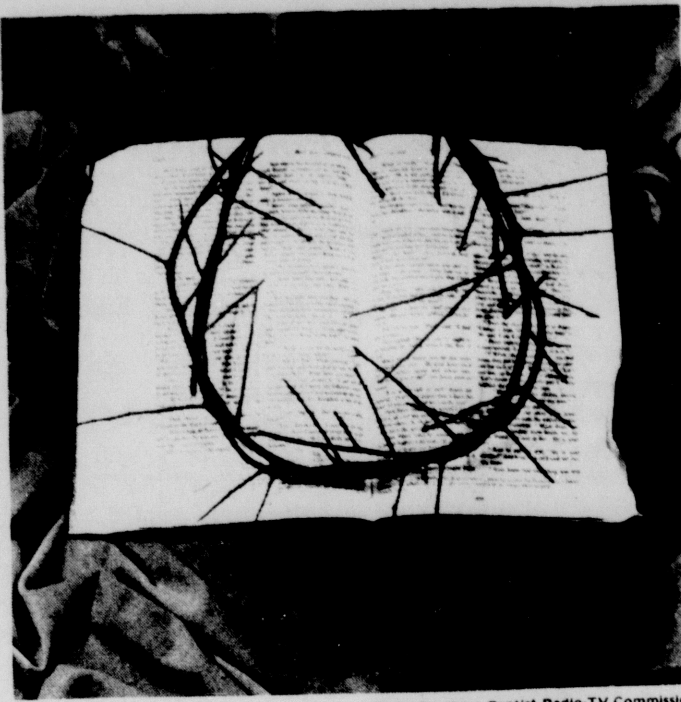

Young stated that he had not considered the race until after returning from out of state recently and finding a large draft movement under way. "What surprised me the most was people contacting me from all counties in the district, urging me to run," said Mr. Young. "In a nutshell, the feeling was that under the one man — one vote concept of representative districting, our rural districts need the most forceful and active representation available if our interests are to be protected."

"I was reared in Fisher County, and have many relatives living there. My family still owns land in Fisher County, and we have been engaged in farming and ranching operations for years. I understand and sympathize with the day to day problems encountered by all of us in this area, as I feel the same frustrations. I think that everything possible should be done to reduce these problems and frustrations, but I do not subscribe to the theory that passing more laws will automatically reduce our problems."

GOOD FRIDAY — THE CRUCIFIXION
John 19:16-21 & Mark 15:33-39

From The Living Bible

Then Pilate gave Jesus to them to be crucified. So they had him at last, and he was taken out of the city, carrying his cross to the place known as "The Skull," in Hebrew, "Golgotha." There they crucified him and two others with him, one on either side, with Jesus between them. And Pilate posted a sign over him reading, "Jesus of Nazareth, the King of the Jews." The place where Jesus was crucified was near the city; and the signboard was written in Hebrew, Latin, and Greek, so that many people read it. Then the chief priests said to Pilate, "Change it from 'The King of the Jews' to 'HE SAID, I am King of the Jews'." About noon, darkness fell across the entire land, lasting until three o'clock that afternoon. Then Jesus called out with a loud voice, "Eli, Eli, lama sabachthani?" ("My God, my God, why have you deserted me?") Some of the people standing there thought he was calling for the prophet Elijah. So one man ran and got a sponge and filled it with sour wine and held it up to him on a stick. "Let's see in Elijah will come and take him down!" he said. Then Jesus uttered another loud cry, and dismissed his spirit. And the curtain in the Temple was split apart from top to bottom. When the Roman officer standing beside his cross saw how he dismissed his spirit, he exclaimed, "Truly, this was the Son of God!"

NORMAL TRAVEL SEEN — The energy shortage will ease enough by mid-June to insure a near-normal summer travel season in the state, according to Texas Tourist Development Agency projections.

The Sunday gasoline sales ban is the biggest factor in a six per cent decline in attendance at major Texas tourist attractions during the first two months of 1974, the tourist agency figures.

Campaigns are being sponsored to encourage Texans to

spend their vacations near home and residents of neighboring states to visit Texas on well-promoted package tours.

Mr. and Mrs. John O'Neal visited in the Jim Jorden home in Gorman for their 50th Anniversary. They also visited the Albert Hendricks, the Joe O'Neals and Mrs. W. A. O'Neal, all of Gorman.

Migrant Program for 4-Year Olds

The Hamlin schools were notified last week that they are eligible to have a four-year-old migrant kindergarten program. This program would offer bilingual instruction and would have a full time teacher and aide. Snacks and lunches would be provided for the children. This would be funded under Title I. Region XIV Education Service Center in Abilene would supply all the materials such as furniture, toys, shelves, and would pay the utilities.

Supplemental bus transportation would also be available. The hours would be the same as the regular school kindergarten—all day from 8:30 a.m. to 2:30 p.m. The program would run all year.

Efforts are being made to enroll all the eligible migrant children. Mrs. Chris Pena, local Parent School Community Involvement worker, is asking that anyone who has a four-year-old child and thinks that they would qualify to please contact her at the elementary school.

The definition of a migrant child is any child that has moved from one school district to another because one of the parents is involved in any type of agricultural work.

COURTS SPEAK — A \$238,250 judgement against General Motors in the death of a Houston woman who died when her new car plunged out of control was upheld by the State Supreme Court.

U.S. Supreme Court upheld Texas procedures for nominations of minority party and independent candidates.

The Court of Criminal Appeals reversed and remanded a murder conviction of a San Antonio man because a juror was informed the man had threatened to "kill again."

Too much prosecution evidence resulted in reversal by the Court of Criminal Appeals of a 25-year rape sentence assessed a Dallas man.

The Court of Criminal Appeals upheld two 100-year

sentences of a Dallas man in a rape-robbery.

See The Motorcycle ?

You may not find a motorcycle in this picture, but you'll find plenty of them on Texas' streets and highways.

The trouble is, not enough automobile drivers are seeing motorcycles when they should. Not until it's too late, anyway.

Maybe if motorcycles were as big as elephants, you'd be more careful when you see them. But nothing is bigger than human life. And that's what we're really asking you to look out for.

Neinda Philosopher Finds Loop Holes In Study of Children's Program

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One discusses television this week, we believe.

Dear editor:
A committee, so I read in a newspaper last night because everything on television was a re-run, has spent four months studying morning

television programs for children under 5 and has come up with some highly critical things to say.

In the first place, the committee said, there are too many commercials, 18 an hour, many of them making outlandish claims about how strong you'll get if you eat this or that breakfast food or that candy bar, and that's bad for the child's future.

In the first place, parents who'll let a 5-year-old dictate what cereal to eat because he saw it on television probably have no business raising kids, and in the second place kids, if they haven't learned it by 5 will by the time they're 6 that the T.V. strength-building claims are hoakum. It's only later in life that they forget that attitude and apparently, judging by the grown-up commercials, are taken in by

the claim you'll be more popular if you use a different tooth paste.

As to the quality of the children's programs themselves, the committee was even further outraged, saying they're downright awful, despite the fact the kids sit spell-bound before the set for hours.

The committee doesn't understand the human situation. In the first place, a mother with a 4 or 5-year-old kid, not to mention two or three or more, will tolerate any kind of T.V. program so long as it keeps the kid out from under foot for a while so she can get some peace of mind.

And in the second place, imagine the frustration this nation would be engulfed in if children grew up accustomed to watching genuinely first-rate programs and then, when they became grown, had nothing to watch but the programs and then, when the networks throw at us adults every night. There are times when it's better to leave bad enough alone.

Yours faithfully,
J. A.

Each member is to bake something to be sold at this time.

The group pointed out that the LVNA chapter is a non-profit organization, and selling is the only means of making money to send delegates to seminars, workshops and conventions to keep up with present procedures so that we may give our patients better care.

The LVNA booth will be set up at the northeast corner of Howard Drug.

Scarborough To Lead Local Campaign

Farmer and civic leader John Scarborough has been named Hamlin Coordinator for the campaign of Ray Farabee, Democratic Candidate for the Texas Senate. Farabee is seeking to fill the vacancy in the Senate left by Senator Jack Hightower who is running for Congress. Scarborough said in accepting this position that, "We are fortunate to find such a man as Ray Farabee, business man and attorney of Wichita Falls, to fill this important position. His rural and consumer interest and political-oriented background and his rare ability to get atop of the social questions and political issues of our day fits the needs of this district." Scarborough is past president of the Hamlin Board of Community Development, is presently director of Neinda Coop Gin and serves as Chairman of the Board of Directors of the Hamlin Hospital District and Director of the Jones County Farmers Union.
